

HUNTERS CLUB

Guest Breakfast

Self-Serve Daily from 7:00am to 11:00am in the Dining Room

Health and Safety Procedures

Please remember that masks are mandatory when you are in the common areas of the Hotel and Dining Room.

Once you are seated at a table, or back inside your room, you may remove your mask.

We also require each guest to use the hand sanitizer provided before entering the breakfast area.

This year, in the interest of Health and Safety, we have customized the breakfast buffet to have less touch points, more options for grab and go, and to encourage less time spent at the buffet.
